Subject: Administrative Record for Bofors-Nobel Site

Dear Ms. Kirkland:

Please add the enclosed Volume 9 of the U.S. EPA Administrative Record Index, Update #2, March 1992 to the end of the Update #2 of your records. The Volume consists of replacement pages for Documents 7-10 of the Update #2. Therefore, the pages in this volume supersede the corresponding pages in the 4 volumes of the DRAFT REPORT: Pre-Design Phase-Remedial Design.

In order to inform the patrons of this fact, please place this letter in front of Volume I of Update #2.

We appreciate your help in this endeavor. If you have any questions, please do not hesitate to contact me at (312) 353-5821.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. Pfundheller".
